REMARKS

In addition to the documents identified in the attached form, Applicants wish to identify the following co-owned, co-pending, US Patent applications to the examiner. Insofar as these co-pending applications are currently unpublished, they have not been included on the attached form.

US Patent Application No. 09/807,802, which is the national phase of PCT/US99/25694, which published as WO 00/28061 on May 18, 2000. Because the specification of the co-pending application is identical to that of the published PCT, only a copy of the currently pending claims in the application is enclosed.

US Patent Application No. 10/291,582, filed November 12, 2002. This application has a projected publication date of July 3, 2003. A copy of the pending U.S. application is enclosed.
